Zidan Indratama, Full-Stack Web Developer

Bekasi, Indonesia, 087714044760, zidanindratama03@gmail.com

https://zidanindratama.vercel.app

PROFILE	Fullstack Web Developer from Bekasi with a strong track record in web design and development. Winner of two web design competitions and a TOEIC score of 765. Certified Junior Programmer skilled in JavaScript, TypeScript, ReactJS, NextJS, ExpressJS, and NestJS. Experienced in creating robust and scalable web applications, focused on high-quality user experiences. Seeking to contribute my skills and achievements to a dynamic development team.

EMPLOYMENT HISTORIES

Laboratory Assistant, Laboratorium Informatika Gunadarma
Aug 2025 – Present

Jl. Komjen. Pol. M. Jasin No.9, Tugu, Kec. Cimanggis, Kota Depok, Jawa Barat

- Assisted in teaching and supervising practical laboratory sessions for Informatics Engineering courses.
- Evaluated students' practical work and provided constructive feedback to support their learning outcomes.
- Prepared instructional materials and guidelines to enhance the effectiveness of lab sessions.

Front-End Developer, Tax Center Gunadarma
Nov 2023 – Present

Kec. Cimanggis, Depok, Tax Center – Kampus F4, 6th floor, Jalan Raya Bogor

- Spearheaded the development of innovative web applications aimed at improving the user experience for students and faculty accessing tax-related resources.
- Collaborated closely with cross-functional teams, including designers and backend developers, to ensure seamless integration of frontend components with backend systems.

Intern Front-End Developer, DOT Indonesia
Nov 2024 – May 2025

Millenium Centennial Center lt. 39, Jl. Jend. Sudirman Kav. 25, Setiabudi, Jakarta Selatan 12920

- Developed and maintained responsive web applications using Next.js, ensuring seamless user experiences and optimized performance.
- Translated Figma designs into pixel-perfect, fully functional web pages, leveraging advanced CSS techniques and best practices for slicing.
- Collaborated with cross-functional teams to implement interactive features and integrate frontend components with backend APIs, adhering to agile development methodologies.

Leader of Web Development Division, Langkah Teman Kamu
Sep 2024 – Dec 2024

Kota Administrasi Jakarta Selatan, DKI Jakarta

- Led a cross-functional web development team consisting of front-end developers, back-end developers, and UI/UX designers.
- Reviewed the team's progress, provided constructive feedback, and ensured alignment with project goals.
- Monitored project timelines, identified potential bottlenecks, and proactively resolved issues to ensure smooth workflows.

Intern Front-End Developer, Candidate College   Jun 2024 – Sep 2024

DKI Jakarta, Jakarta Pusat

- Led the development of dynamic and responsive web interfaces using NextJS, enhancing the user experience for a diverse audience. Implemented designs from Figma, ensuring pixel-perfect accuracy and maintaining brand consistency across the application.
- Collaborated with cross-functional teams, including UI/UX designers and backend developers, to integrate front-end components with APIs seamlessly. Improved application performance and scalability through effective code optimization and regular performance testing.

Intern Front-End Developer, Moonlay Technology   Aug 2021 – Nov 2021

Jakarta, SCBD, Moonlay Technologies - Equity Tower, 25th floor, Suite H. Jl. Jend. Sudirman

- Junior Front-end Developer with a focus on bug fixing and project support.
- Proficient in identifying and resolving technical issues to enhance website functionality and user experience.
- Actively contributes to team discussions, offering creative solutions and promoting a positive work environment

EDUCATION

Bachelor of Computer Science, Gunadarma University   Sep 2022 – Present

Jl. Margonda Raya 100, Depok. Kota Depok 16424 Jawa Barat

- Developed a deep interest in web technologies during Computer Science studies, creating interactive websites and exploring new frameworks. Enjoyed collaborating on projects with fellow students, brainstorming ideas, and building innovative solutions as a team.
- Participated in various coding competitions, enhancing problem-solving skills and thriving under pressure. Gained hands-on experience through internships at reputable tech companies, working on real-world projects. Graduated with a GPA of 3.87.

SKILLS

- JavaScript
- TypeScript
- ReactJS
- NextJS
- TailwindCSS

- ExpressJS

- NestJS
- React Native (Expo)
- Zustand
- MySQL
- PostgreSQL
- Mongo
- Prisma

- Git
- Docker
- Kubernetes
- Go
- Redis

ACHIEVEMENTS

3rd Winner of Web X Perience Design Challenge   Aug 2023

HIMA Teknik Informatika

- Secured 3rd place in the prestigious Web Xperience Design Challenge, a highly competitive competition featuring cutting-edge design concepts and innovation.
- Showcased exceptional skills in user-centric design and creativity within the theme of E-HEALTH, contributing to the advancement of digital healthcare solutions.
- Demonstrated the ability to combine user experience principles, visual aesthetics, and functionality to create an impactful and user-friendly E-HEALTH web platform.

1st Winner of UI/UX Design Competition Jan 2022

Event Helixs ID

- Clinched the prestigious 1st place in a highly competitive UI/UX Design Competition, showcasing exceptional design prowess and innovation in the context of the COVID-19 pandemic and quarantine measures.
- Crafted a groundbreaking user interface and user experience (UI/UX) solution, addressing the unique challenges and needs brought about by the pandemic, such as remote work, virtual education, and social distancing.
- Demonstrated an outstanding ability to combine empathy-driven design principles, cutting-edge technology, and a deep understanding of the COVID-19 context to create an impactful and user-centric digital solution.

CERTIFICATES

Junior Web Developer Dec 2021

Badan Nasional Sertifikasi Profesi

- Proven Collaboration and Teamwork: I have gained valuable experience in collaborating on web development projects, effectively contributing to team success through strong teamwork and communication.
- Committed to Continuous Learning: With the Junior Web Developer certification, I am dedicated to continuous learning, staying updated with the latest web development trends and technologies.
- Problem-Solving Expertise: The certification has honed my ability to solve web development challenges, enabling me to identify and address coding and design issues effectively

TOEIC® (Test of English for International Communication) Oct 2020

Total score : 765

- Achieved a TOEIC score of 765, demonstrating high proficiency in English for both professional and social contexts. Strong competence in business English enhances effectiveness in international business environments.
- High scores in listening and reading comprehension sections indicate excellent ability to understand spoken and written English, facilitating effective communication and comprehension of complex texts.
